

TOMORROW'S DEDICATION.

Exercises at the New Normal to Take Place at 2 O'Clock in the Afternoon.

Reception From 5:30 to 7:30 at Masonic Hall.

The State Normal School in Stevens Point will be formally dedicated at 2 o'clock tomorrow afternoon, Thursday, Oct. 18th, 1894, the exercises to take place in the school building. The first meeting to make arrangements for this great event was held last Thursday evening, at which time and since committees have been selected as follows:

On Arrangements—B. B. Park, A. R. Week, Emmons Burr, V. P. Atwell, E. J. Pfiffer, G. E. McDill, M. Clifford.

Invitations—E. McGlathlin, H. A. Simonds, E. D. Glennon, J. P. Rothman, H. P. Maxfield.

Reception—A. W. Sanborn, Mrs. G. E. McDill, Miss Anna Park, M. Clifford, F. B. Lamoreux, Mrs. A. G. Cate, Dr. T. W. Trimble, John H. Brennan, Miss Grace Rielly, Mrs. J. K. Vosburg.

On Music—E. O. Stumpf, Mrs. A. W. Sanborn, Misses Grace Buckingham and Hallie Horn.

On Refreshments—Mrs. H. Curran, Mrs. V. P. Atwell, Mrs. Jas. Rielly, Mrs. E. E. Burr, Mrs. Owen Clark, Mrs. G. F. Andrae, Mrs. J. R. Congdon, Mrs. John Shannon, Mrs. S. K. Rounds, Mrs. F. L. Moore, Mrs. T. W. Trimble, Mrs. John Shaffer, Mrs. Alex. Slothower.

On Finance—W. B. Buckingham, G. E. McDill, Emmons Burr.

At this time the following program will be carried out, and other additions may be made:

Solo—Miss Ethel Kirwan.

Prayer—Miss Lynn.

Solo—Hon. Ira A. Hill.

Address—President of Board of Regents.

Quartette—"Presentation of Flag."

By the J. O. U. A. M.—J. W. Stroppe.

Response—Hon. B. B. Park, Stevens Point.

Quartette and Chorus—"America."

The members of the Board of Regents have all been invited, and most of them are expected, as well as the Governor and some of the other state officers. Invitations have also been sent to Major Upham, Congressman Barnes, E. S. Minor, Alexander Stewart and Neal Brown, of Wausau, the county and city officers, chairmen of the various towns in the county, school superintendents throughout the state, the press, etc., and it is hoped that many will respond. At the same time the public in general are cordially invited, as the exercises are open to all. A public reception will be held from 5:30 to 7:30 in the evening, at Masonic Hall, to which all are invited, and this will also be one of the features of the day.

SPECIAL NOTICE.

In order to give all employees and business men a chance to attend the dedication of the new Normal School and the reception to be given to the State officials and guests of the city, it is requested that all business places in the city close at two (2) o'clock, Thursday afternoon.

OWEN CLARK, Mayor.

The Presbyterian Concert.

A very small audience turned out to listen to the musical entertainment given by Will J. Fisher of Oshkosh, and some of our best home talent, at the Presbyterian church, last Monday evening, but those who attended enjoyed a rich treat. Mr. Fisher has a powerful baritone voice, well cultivated and exceedingly sweet, and highly pleased all who heard him. The opening number a duet, "My Faith looks up to Thee," by Mrs. Hanover and Mr. Fisher, and a solo by Mrs. Hanover, were among the best of the evening. Our city's favorites, Mr. and Mrs. Buckingham, lent the beauty of their voices to the evening's entertainment, and of course had to respond to an encore. The Apollo and Mandolin Clubs were each down for a number and both were so heartily applauded that they appeared a second time. A whistling solo by F. C. Bailey, was the "hit of the evening," Mr. Bailey doing as well as most of the professionals in that line. The piano was presided over by Misses Frances Catlin, Frank Dalton and Bertha Scott, each playing several accompaniments.

Opening Reserve Street.

The council held a special meeting, last Friday evening, at which time the sum of \$350 was appropriated for purchasing a strip of land 30 feet wide by 165 feet in length at the north end of Reserve street, just west of the Normal School, with a view of extending said street through to the Jordan road. The special committee previously appointed upon this matter, were authorized to negotiate with J. A. Walker for the purchase of three feet off from the west side of his residence lot, the same to be used for widening and straightening Reserve street, they to report their negotiations to the council for final action. The strip first mentioned belonged to the Boyington & Atwell company, and is now partially occupied by a house owned by Geo. Nelson, who will move the same within thirty days. Several additional strips or parcels of land must be purchased by the city before the entire proposed extension can be carried out.

A LIVELY BLAZE.

Store House and Barn Burned and a Business Block Threatened.

At about half-past six o'clock last evening a fire was discovered in a wooden structure at the rear of Iverson's block. The north end of the structure has been used as a dyeing room by W. F. Nielson, proprietor of the steam dye works, while a room in the center and the loft above was used as a store-house by the owner, J. Iverson. The greater part of the building was used by Gerdes & Breitenstein, the grocers, it being just in the rear and connected to their store, and therein they had a quantity of feed, provisions and unpacked goods. The fire caught from a chimney in the dye works, there being a defect in the same, and it communicated to the wall against which it stood, making rapid progress. Both fire companies responded promptly to the alarm, getting the fire under control almost as soon as they could get it rightly located, but there was some delay in this owing to the necessity of carrying the hose through alleys. Fortunately there was very little wind at the time, or the fire would have been far more disastrous. Mr. Nielson saved all the goods in his dye room. To the rear of the ware-house was Mr. Iverson's barn, and this was also badly damaged. He had an insurance of \$200 on the ware-house and \$300 on the barn and contents, with Buckingham & Engberry and G. E. Oster, but the loss on the first is more than the insurance. Gerdes & Breitenstein carried an insurance of \$200 on the stock that was damaged or destroyed, which will about cover the same.

Over Two Thousand Voters.

The preliminary registration, held in the various wards of this city, last week, shows a total of 2,034 names registered. The next meeting of the ward boards will be held on Tuesday, Oct. 30th, and as the law provides that where there are more than 300 names at the first meeting, the board shall sit for two days at the second or final meeting, it will meet on Tuesday and Wednesday, Oct. 30th and 31st, in the 2d, 3d, 4th and 5th wards. In the 1st and 6th wards the board will meet on Tuesday only. Look over the list of voters as printed and posted in your ward, and see if your name, as well as that of your neighbor, is duly registered. If there is an omission, remember the date on which the board meets. Following is the total preliminary registration by wards:

1st ward.....	298
2d ".....	426
3d ".....	339
4th ".....	471
5th ".....	336
6th ".....	164

B. B. P. IS COMING HOME.

The Favorite Racer Fails to Win at Lexington, Through No Fault of His, However.

The favorite young racer, B. B. P., trotted for the last time this season, last Friday afternoon, at Lexington, Ky. The race was witnessed by two Stevens Pointers, M. C. Sluts and Louis Brill, the latter being one of B. B. P.'s owners. It was a stallion representative stake, for three-year-old trotters, and worth \$5,000. B. B. P. was not in good shape for trotting, but it is admitted that he would have won only for a mistake on the part of his driver. He lost the first heat on account of breaking, the drivers of the other horses being determined to tire him out by scoring. He took the next two heats, however, in 2:14 and 2:14. In the fourth heat he was doing excellent work and leading nicely. Just before reaching the wire, when he had everything his own way, without an effort toward the last, Loomis turned part way around in his seat and saw two of the other five contestants coming for him at a rapid stride. Giving the Stevens Point colt a smart crack with his whip, the leader made a break and did not recover, passing under the wire neck and neck with Limonero, to whom the heat was awarded in 2:15. The next two heats were won by Limonero, B. B. P. making breaks in each owing to the fact that he was tired out and not in a condition to contest in so long a race. B. B. P. will arrive here today or tomorrow, in care of Ed. McCarr, who has been with him during the season, and will be kept here during the winter.

At the Central City Iron Works.

R. A. Cook has entered into a contract with W. W. Mitchell to furnish the latter a new 100-horse power boiler and an Atlas automatic engine for his feed mill at the foot of Main street. Mr. Cook will also make the necessary boiler fronts, grate bars, trimmings, etc., as well as a 60 foot smoke stack, 40 inches in diameter. The improvements will cost nearly \$2,000. The Central City Iron Works, of which Mr. Cook is proprietor, have also turned out the columns, plates, beams, etc., for V. P. Atwell's and Miss Flora Tack's new store buildings on Strong's avenue. An order has just been received by these works for the making of about a dozen columns, each averaging a ton in weight, to be used in the Nekoosa paper mill, below Centralia. This order was given by the Cumberland Mfg. Co., of Boston, who have taken the contract for putting in an extensive filtering plant in the new mill. Mr. Cook has engaged several additional men within the past few days, and the prospects are that he will have to increase the force still more before Nov. 1st. Railroad work is picking up wonderfully, these works having turned out more castings for the Central company within the past few weeks than at any given time in a year previous.

Died Last Thursday.

After an illness of four or five years with kidney disease, Renj. C. Clark passed away at his home on Elk street, near the Central depot, last Thursday night. The deceased was born at Potsdam, N. Y., Feb. 16, 1853, and was therefore in the 42d year of his age. He was a son of John Clark, one of the first conductors on the Central road, and came here with his parents when a young man. He worked for the Central company until within the past few years, being employed in train service. He was married nine years ago, and besides his wife leaves a sister, Mrs. Chas. Bowhall, at Grand Rapids, Mich., and two brothers, Ed., at Danville, Ill., and Frank at Hope, Mont. Ed. was present at the funeral, which took place last Sunday afternoon, Rev. Requa officiating, with interment in the Episcopal cemetery.

A Timely Suggestion.

The market on coal is in all probability lower this month than it will be any other time this year. We would suggest as a means of avoiding paying the usually high price, that coal consumers buy their season's supply of us now while there is a certainty of getting a low figure on it. We handle genuine Lehigh. aug8tf JOHN RICE & BRO. CO.

The Pittsburg Iron Moulder.

A. C. Rankin, the Pittsburg iron moulder, spoke to a good sized audience at Central City Opera House, last Monday evening, between four and five hundred people, including a sprinkling of ladies, being present. In opening his address, Mr. Rankin admitted that he had been making a business of political speaking for fifteen years. He said he took part in the funeral of his party, at Milwaukee, two years ago in November, but didn't expect to do so this year. He will probably leave the state before the 6th of the coming month, but did not say this. The first part of the speech was devoted to a tirade against President Cleveland, who he said would leave the White House with less respect than any other Democratic president, not excepting Jas. Buchanan. Of course there is a difference of opinion on this question, as well as on all others that Mr. Rankin introduced during his talk of three hours. But why mention Democratic Presidents? Would it have been as well for the speaker to include all parties, even his own, in his sarcastic denunciation? Unquestionably not. A tariff for revenue only, the speaker said, is practically free trade, absolute free trade being impossible. A sufficient revenue to carry on all branches of the government, erect government buildings where needed, pay pensioners, maintain and improve our army and navy, etc., etc., is all that is needed, and high enough for the average Democrat and citizen, notwithstanding all bugbear arguments that may be made to the contrary. The south came in for its usual scoring during Mr. Rankin's speech, and that portion of the country, was charged with being the cat that wags Democratic tails to the north, east and west. He spoke of the hard times in the early 40's, again in 1856, and finally once more in 1894, all under Democratic rule, but forgot to mention the soup houses that were in great demand in 1872 and for two or three years thereafter, when times were much harder than they have been during the past year. The claim was made that when Harrison went out of office he turned over a handsome surplus to Cleveland, after paying off large debts, but soon the treasury was empty. The most ordinary citizen knows that this is not true. President Cleveland could not be given credit for the good times under his first administration, as the house and senate were not with him, but he was wholly responsible for the times that commenced to tighten up even before his last election, although not a single law was changed until nearly two years thereafter. This was wholly laid to "anticipation." He advocated the plan of having soldiers at the polls for the protection of voters, the Johnny Davenport system as it were, and his ideas seemed to meet with some favor among the audience. The reduction of tariff on potatoes from 25 to 15 cents was referred to, evidently with a view of making farmers believe that their crop would bring the difference if the reduction had not been made. Past experience, however, when they sold from 8 to 15 cents, with a 25 cent tariff, has taught them different. The speaker concluded his three hours talk by referring to the congressional and state nominees, but said that he was not sufficiently familiar to talk upon state issues. This is a subject that Republican campaign orators seem to touch lightly upon this fall.

Normal Notes.

The game of base ball at the Fair grounds, last Saturday afternoon, between the Normal School nine and boys from Plover, resulted in a score of 25 to 10, in favor of the former club.

Two foot ball "elevens" have been organized among pupils of the School, a senior and junior club, and the former are out for practice every morning at 7.20 o'clock, and again in the evening. As soon as a sufficient sum (about \$30) has been collected among our business men, suits will be ordered for the older boys. It is expected that a game will be played between the Stevens Point and Grand Rapids elevens within the next few weeks.

THE BOND IS FILED.

And the New Electric Street Car Line Will be Built According to the Franchise Granted.

A bond for two thousand dollars, with the Stevens Point Lighting Co., by Jas. F. Wiley, president, as principal, and J. O. Raymond, Frank Wheelock, John Ball, Emmons Burr, M. E. Means and L. A. Pomeroy, as sureties, has been filed with the city clerk, to ensure the completion of one mile of street railway in the city of Stevens Point on or before Sept. 10th, 1895, and three miles on or before Sept. 10th, 1896. A formal acceptance of the franchise passed Aug. 7th last, has also been filed with City Clerk Rogers. The filing of these documents removes all doubt as to the sincerity of the Lighting Co. in asking for the franchise, and before another year has passed one can drop a nickel in the slot and ride at least a mile over an electric street car line in Stevens Point. Work will be commenced on the new enterprise in the early spring, or as soon as the weather permits, and the road will be equipped with the best and most modern conveniences throughout. This is promised by the projectors, and as they have thus far carried out their agreement to the letter, and are now in a position where it would be next to impossible to stop, or even put off beyond the appointed time, success is assured.

A Lamp Explodes.

The residence of Ed. Williams, in the southeast part of the village of McDill, was destroyed by fire last Friday evening. Mrs. Williams was the only one at home at the time, and she was sitting beside a table, upon which there was a lamp. The lamp suddenly exploded, scattering the oil over her left side, arm and face, burning the lady quite badly. She escaped from the house, however, extinguishing the fire upon her person as she ran, and called a neighbor to her assistance. By the time they returned the fire had gained such progress that nothing could be saved. The property was insured with the Stockton Insurance Co., the house for \$250 and the contents for \$350, but the loss is much greater. The policy was taken out on the 26th of last month. Mr. Williams and family have removed to the Barnesdale farm, east of Plover, for which arrangements had been previously made.

Wonderful Child Singers.

The amusement loving people of this city will have an opportunity to listen to an unusual combination of artists, Friday, Oct. 26th, when the Petrelli Concert Co. appear here for the first time. With them comes the remarkable child sopranos, Sadie Dersell and Matie Norcott, said to be the highest developed child singers ever before the public, in fact fully developed prima donnas at the age of 12. When the great operatic organizations of Abbey and Grau appeared in Chicago, last winter, Emma Calvi, one of the prima donna of that company, heard these little girls sing and was so delighted with them that she wrote a personal letter to their teacher of congratulation. They are accompanied by a famous European violinist, Wm. Jaffe, and a most brilliant pianist, Lucia Hoppe, and their teacher, Madame Eleonore Petrelli. The concert will be given under the auspices of the ladies of St. Stephen's church, who will soon commence canvassing for the sale of tickets, and they may be reserved three days in advance of the entertainment. Tickets, to all parts of the house, except gallery, 50 cts.; gallery, 25 cts.

BARNES IS COMING.

He Will Speak in This City on Saturday Evening, Oct. 27th.

Hon. L. E. Barnes, congressman from this district and the nominee of the Democratic party for a second term, will speak at Central City Opera House on Saturday evening, Oct. 27th, commencing at 8 o'clock. Mr. Barnes is a fluent speaker, and after his experience in Congress of over a year, can give the public some sound practical facts to reflect upon. He will have a large audience, and people from the surrounding country are especially invited.

A Lost Child.

Policeman Gaylord found a little four year old girl at the South Side, just before dinner, and up to 2:30 this afternoon, no one had called for her. She is on Monroe street, next door to the Park Hotel.

Additional Locals

—Many guesses were made as to the amount in greenbacks placed in a circular space in one of M. Clifford's show windows for a week previous to Monday last, the number running up to about 150. The guesses varied from \$22 to \$709. The correct amount was \$50, guessed by Mrs. G. L. Rogers, who was presented with a pair of shoes.

—The school children's excursion to Milwaukee, last Saturday, over the Central road was a great success, although the crowd was not nearly as large as in former years. Two hundred and forty-six passengers left here on the special train in the morning, and thirty-five others went down on regular trains during the day, making a total of 281 tickets sold.

—A. J. Empey received a telegram from Wausau, last Saturday, stating that his son, H. L., had been injured, and he went up Sunday morning. When going to his home, Friday evening, with bundles in both hands, Ham, stumbled on an elevation in the crossing, and in falling struck in such a manner that both his right shoulder and back were injured. His physician stated that he would be laid up for three or four months.

—Rev. J. Berger, of Oshkosh, Presiding Elder of the Oshkosh Dist., will preach in the German Methodist church, cor. Center street and East ave., on Saturday, Oct. 20th, at 7:30 p. m., and on Sunday at 10 a. m. and 7:30 p. m. A special meeting, consisting of singing, and several addresses to be delivered by prominent ministers from abroad, will be held on Monday evening, Oct. 22d, at 7:30. All welcome to these meetings. B. B. SCHLUNG, Pastor.

—Three former Stevens Pointers are running on the Democratic ticket in Aitkin county, Minn., and the election of one, Miss Susie Maddy, is certain. Miss Maddy is the present superintendent of schools in that county, having been elected two years ago, and has given such excellent satisfaction that she was endorsed by the Republicans at their recent convention. Her brother, C. A. Maddy, is the Democratic nominee for surveyor, and both are children of Mrs. John Kinney, who lives on the west side of the river near the southern limits. Allison Wilber is the party candidate for county auditor, or clerk, and the Aitkin Age pays him a high tribute, as well as the others above mentioned.

CASTORIA

for Infants and Children.

THAT TAX REDUCTION.

It is Worrying the Republicans Badly.

TRYING HARD TO FIX ATTENTION ELSEWHERE.

As a Last Resort Taylor's Mistakes Are Being Put to the Front—Table Showing His Bad Blunders on Expenses of State Institutions—The Good Record of the State Administration Can Withstand All Assaults—Everybody Pleased at the Reduction in Taxes—Besides Doing This Heavy Extra Expenses Have Been Met.

MILWAUKEE, Oct. 8.—The fact that the Republican campaign managers are using Mr. Taylor's wonderful array of figures as a fetish is another illustration of the ease with which a flim-flam game can be worked, provided the worker uses the proper degree of solemnity. Incidentally the venture is proving very profitable to Uncle Horace in a pecuniary way, but this—as Kipling would say—is another story.

The figures, he assured the managers, were taken from the books, and they were received with that awe which all such announcements create. Of course he took them from the books. Uncle Horace is shrewd but no one ever credited him with an imagination capable of evolving such a mass. The seriousness of his offense was not in the taking but in the mixing. What he was after was not cold, hard facts but such combinations as would support the theory that the Democratic administration had been extravagant.

IT WORRIES THEM BADLY. The fact that the Democratic administration capped four years of good work by saving \$742,000 which was applied to three-fourths of the state tax for schools is something over which the Republican managers were seriously exercised in mind. Something had to be done to counteract it. That is where Mr. Taylor came in. This reduction stands out like a stump in a clear field or a rock in midstream, an obstruction to success. The managers seized upon Uncle Horace's figures as something which may mask the obstruction and let them over easy. That is the reason Uncle Horace's presses have been working night and day turning out supplements for the Republican papers containing copies of his work on higher arithmetic.

This work is to be used as a terrible example of the dangers of Democratic rule. Even Uncle Horace, however, has not the audacity to assert that black as the picture he has painted may be it would be any better if Mr. Sawyer and his following came back again. He is too shrewd for that.

It seems now that Uncle Horace got in with his story just in time. The Sentinel was on the same lay. Both were after the almighty dollar that would come from appointment of supplement printer to his excellency, Prince Phillips, and Mr. Taylor captured the plum. The old man may have toyed with the years longer than some of his contemporaries but no brush brooms are needed to keep the insects off his clothes. Not yet awhile.

There is one thing in connection with this work on higher arithmetic that has not been given the prominence that is due. That is that the Republican managers are willing to admit now that the Democratic officials did recover from the Republican state treasurers nearly a half million of dollars, and some even say frankly that this never would have been done had the Republican machine under Mr. Sawyer been continued in power. The common people have had a belief of this kind for a long time. Few expected the Republican leaders to acknowledge it. Even Mr. Taylor's figures can be forgiven when it produces such results. The admissions. It is only fair to say, were not made with any great degree of cheerfulness but because it was necessary in order to support the theories advanced. Still a pin ought to be stuck through the fact that Republicans now admit that the state treasurers never have been forced to disgorge by any Republican administration.

HAVE HAD HARD SLEDDING. As to the figures themselves, if the Republicans can get any comfort out of them they ought to be allowed to have it. They have had very hard sledding in trying to get over or around the record made by Governor Peck's administration and if for a few moments they can imagine they have succeeded there is no one hard hearted enough to interfere with their enjoyment.

After all the fact remains that the Democratic administration has lowered the tax this year to a point that taxpayers will hardly be aware they are paying state taxes. No combination of figures can change this. By forcing ex-Republican state treasurers to pay back the money they had taken from the people and been allowed to keep by Republican officials, and by a wise economy the Democratic state officials were able to almost entirely wipe out the tax levied for the educational institutions of the state. The schools do not suffer, and the people are relieved. Most people will agree that a record like this is enough even admitting Mr. Taylor's figures, which have been adopted by the Republican managers, to be correct. That they are not has been shown heretofore. That there has been no extravagance but a shrewd saving has been demonstrated "from the books," as Uncle Horace would say.

The greatest extravagance is alleged to have been shown in the state institutions. To prove this, however, it was found necessary, in order to make the statement a good Republican campaign document, to put the year 1891 in the Democratic column. Possibly when Mr. Taylor prepared his campaign supplement he was not aware that the Republican state board of supervision had control of the state institutions for ten months of that fiscal year. He was absent from the state at that time enjoying the perquisites attaching to the position of United States railroad commissioner, and therefore was not in touch with state affairs. Possibly, therefore, he was ignorant he was putting a Republican year into the Democratic column. Possibly he was not. However this may be, what a serious mistake Uncle Horace made is better understood by a comparison of the following tables which give the current expenditures of the state institutions for the three last Republican years and the three Democratic years.

BOLD TRAIN ROBBERY

BANDITS GET AWAY WITH \$50,000 IN GOLD COIN.

Railway and Express Companies Offer \$10,000 Reward for the Capture of the Robbers and Recovery of the "Swag"—The Crime Well-Planned and Carried Out.

SAN FRANCISCO, Oct. 13.—The bandits who held up a Southern Pacific overland train a few miles west of Sacramento, late Thursday night, and looted the Wells-Fargo company express car, secured over \$50,000. They seem to have eluded the officers and escaped with their plunder, which was nearly all in gold, and consequently a heavy burden. Beyond the mere supposition that the bandits are railway men who have been in the employ of the Southern Pacific—and the supposition is based only on their apparent familiarity with railway methods and their ability to successfully handle a locomotive—the pursuing officials have very little to work upon. The astounding success of the hold-up was not known until this writing. Earlier reports of the robbery gave the amount of money taken at \$1,500.

Big Reward for the Robbers.

When inquiries were made at the general offices of the Wells Fargo company in this city, Manager Cooper declined to state how much plunder the robbers secured, declaring that it was simply a matter between the express company and the consignees of the treasure. He refused positively to give any information to the point. The truth came out, however, when the Southern Pacific issued a circular offering a reward of \$10,000 for the arrest of the two robbers and the recovery of the plunder. In this circular it is stated that the bandits plundered the express car of over \$50,000 in gold. The circular announces that the Southern Pacific company and the Wells Fargo company will pay \$2,500 for the capture of each robber and \$5,000 for the recovery of the money or a proportionate amount for any part of the whole.

Details of the Robbery.

Details of this robbery show it to have been well planned by men who knew just what they were about and who were determined that a little thing like dilling a man in cold blood should not interfere with their scheme. As soon as the train stopped the robbers covered the engineer and fireman with guns and compelled them to accompany them to the express car. Messenger Jack Paige shot twice at the bandits and came near losing his life. The engineer and fireman called to Paige to open the door, as the train robbers were going to shoot them if he did not, and were prepared to blow up the car with dynamite. He complied with their request and the robbers looted the car of gold, which they loaded on the locomotive and steamed away in the direction of Sacramento, starting the engine back "wild" when they had done with it.

The robbers waylaid the track walker on his tri-cycle about 9 o'clock, tied him hand and foot, stole \$5.00 and left him helpless at the side of the track. The track walker was just pulling out of Sheep camp and the overland was already in sight. With the track walker's lantern the robbers signaled No. 8 to stop. Scott slowed up, but did not come to a full stop until the explosion of dynamite bombs under the engine warned him that it was useless to proceed further. By this time the two robbers were on the engine. They sprang on from opposite sides of the track, and began shooting at once. The passengers and train hands say quite a number of shots were fired before anybody knew what it was all about.

Was a Case of Saving Life.

The robbers forced the fireman to accompany the express car from the train and then ran that much of the train about five miles before they stopped and went on with the robbery. The rest of the train remained at Sheep camp in imminent peril of being telescoped by the Oregon train in the rear. When the captured cars were halted Engineer Scott and the fireman were marched back to the express car, where the robbers made a demand on Messenger Paige to open his door. He refused.

"We'll shoot the engineer and fireman if you don't open in a hurry," said one of the robbers, the tallest of the two, while the other masked man held two dynamite bombs up to view in the clear moonlight and threatened to blow the express car to pieces unless it was opened at once.

Still Paige hesitated and some shots were fired through the glass door at him, one of which grazed his temple and filled it with broken bits of glass. Then the engineer called out to Paige to open the door. "We're covered with guns and they will kill us if you don't open," said Scott. Still Paige resisted and began to fire through the door, but his aim was wild, and again Scott, in fear of his life, called on the messenger to open, saying that the robbers would surely blow him up unless he gave up. The messenger finally opened the door. One robber then covered the messenger and the engineer and fireman with his rifle while the other searched for loot.

Finally Opened the Door.

It was soon found, "I was about out of ammunition," said Messenger Paige, "and Scott was so badly frightened that I opened the door to save his life. I am sure they would have killed him if I had held back a moment longer." The engineer and fireman were ordered to jump into the car. The robbers followed them. Train No. 10 was close behind and the bandits evidently knew that their time was precious. The engineer and fireman were made to carry the booty to the engine and deposit where directed.

The robbers mounted the engine and rode off, leaving the engineer and fireman behind. They went down the road toward Sacramento and then they reversed the lever and sent the engine back to the stalled train. Low steam was all that prevented a smash-up as the result of this part of the game. Train No. 10, the Oregon express, came along and pushed the three detached sections of train No. 8 into Sacramento, where they arrived at 12:30 in the morning.

The detectives are as yet without a clue to the identity of the robbers, and it is not even known in what direction the hand has fled. Thursday two strangers registered at the Western hotel and were given a room in which they left overcoats and overalls. They did not sleep in the room, but next morning returned and claimed their property. They are said to answer the description of the robbers.

Fire in the Antwerp Exposition.

ANTWERP, Oct. 9.—Fire visited the "Old Antwerp" section of the exhibition here and totally destroyed six houses together with their contents. The loss is heavy.

"PECK AND ALL THE SCHOOLS."

STAND BY IT!
The voters of Wisconsin stood by the Little School House in 1890 and again in 1892, and placed the state administration in the hands of Democratic officials.

Democratic state officials have not only stood by the Little School House but have also stood by the State Treasury to some purpose, enabling them to wipe out \$742,870.00 of the state taxes this year.

Painless Dentistry.

Dr. J. W. Campbell, Dentist, of 614 Goldsmith bldg., Milwaukee, Wis., has arranged to be at the Jacobs House, Stevens Point, the FIRST SATURDAY AFTER THE SECOND MONDAY in each month for the practice of dentistry. The doctor comes with a painless method of extracting teeth, and will take out from one to a full set in less than three minutes, without pain or danger to the patient and without their having the slightest knowledge of the operation. The doctor has used this method for 14 years in constant practice, with most happy results. It is conceded by all Dental Colleges to be the ideal method of extracting teeth, as it has no taste or odor, and does not sicken the patient. There is no extra charge for its use, and where plates are to be inserted there is no extra charge for extracting teeth. Natural looking sets of teeth made to fit the first time. sp51f

An Autograph Letter.

90 GLOUCESTER PLACE, 13th August, 1877.
MY DEAR —: Once upon a time, while I was on my way to a grand breakfast in the city of New York, I was stopped in one of the squares by a very well bred young gentleman, who said he recognized me by my photographic portraits, and who asked if I would give him an autograph. I said, "Yes, but where am I to send it?" He said, "Quite unnecessary, sir. If you don't mind, you can give it to me now." With that he pulled an autograph book out of one pocket, pen out of another and an ancient ink horn out of a third. "How am I to write?" I asked. He answered, "You can write it on my back." He turned around and "gave me a back" as if we were playing at leap frog. I wrote him his autograph, greatly to the amusement of the public in the square, and we shook hands and parted. I quote this young gentleman's example as giving you a useful hint in the pursuit of autographs. If he had not stuck to me while he had me, I might have forgotten him, just as inexcusably as I forgot you.

And now here is my autograph at last. Very truly yours,
—Temple Bar.
WILKIE COLLINS.

A Horse's Tears.

There is no doubt that a horse can both laugh and cry, although few people have seen one do so. A soldier passing through the ranks of the dead and wounded which covered the heights of Alma saw a horse standing by the side of its dead master. The poor brute was smelling the body, and there were copious tears flowing from its great, sad eyes.—London Standard.

Professional Advice.

Experienced Physician—If you wrote this prescription, you had better give up medicine and go into some other business. Dr. Squiller (just got his I. R. C. P.)—Why, what's wrong with it?
Experienced Physician—What's wrong! Why, the thing is positively legible!—London Judy.

FIGURES THAT ARE FACTS.

Appropos of the remarks of the Republican stump orator, Mr. Rankin, last Monday evening, the following is submitted with reference to the "balance of trade" bugbear. Rankin delighted in startling figures based on this branch of the tariff controversy, and drew still more startling deductions therefrom. For instance he quoted the statistics of total exports and imports, and called the difference the "balance of trade," which was paid for in gold: that the balance has been with us for 19 years under protection, and that we sold to foreign countries two billions of dollars worth more than we bought. Of course, if this difference was paid us it would have placed our financial system on a sound basis, and we could not have exported more gold than we imported. But the fact that we had exported an excess of gold during the same period, apparently nonplused the speaker, and he accounted for that by stating that the two billion was paid back to us by the debts and payments we owed foreign investors and that even after that we were compelled to send a surplus to cover the deficit owing by us.

This is all rank nonsense and very misleading, but evidently serves the purpose of the campaign orator and inspires awe in the hearts of his hearers as well as forming a basis for first-class republican campaign literature. But the fact is that the "balance of trade" figures in our national statistics are wholly unreliable, have long been discarded by the best investigators of both parties, as serving no basis whatever for any reliable conclusions. Does anyone believe that foreigners have paid us \$2,000,000,000 in gold, in the past 19 years, for our exports, in excess of what we paid them? No. In that time our exports have been larger than imports on the face of the returns, simply because the imports are greatly undervalued at foreign ports in order to escape the duty. This is an admitted and persistent and well known evil. Our statistics are based on such returns. The value of our imports and amounts paid therefore are not known.

For instance, although the seeming balance has been in our favor for the past 19 years to the extent of two billions, yet the excess of our exports of gold during that period is \$163,000,000. In 1887 the balance of trade was with us \$24,000,000, and we also imported an excess of \$33,000,000 in gold. The foreigners paid us \$57,000,000. If these figures are still to be reconciled by our Republican brethren how is it that in the year before, (1886), we exported an excess of gold to the amount of \$22,000,000, and yet the balance of trade was with us to the extent of \$44,000,000. The conditions of foreign investment must have been the same in '86 and '87. In 1888 the balance of trade was against us \$28,000,000, and in 1889 about \$3,000,000, yet in the first year there was imported into this country \$25,000,000 in gold, in excess of exports, and in the second year, when the balance against us was small, we actually exported gold to the extent of \$49,000,000 in excess.

But if our Republican friends desire a few statistics that will interest them and at the same time are anxious for the true cause of the financial panic that ensued in the spring of 1893, we will submit that during the four years of Cleveland's administration, the exports of gold exceeded the imports but once; in the other 3 years the imports exceeded the exports by \$18,000,000, \$33,000,000 and \$25,000,000. As soon as Harrison took the reins of government, the balance began on the other side of the ledger and remained there. In 1889-90-91-92 there was an annual excess of exports of gold, in all amounting to about \$122,000,000. In 1891 the excess was \$68,000,000 exceeding all former years. But the exports of gold during the summer of 1892, when Harrison was president, was terrific, and exceeded all former experiences. Cleveland was inaugurated again in March, 1893, and the excess of gold exports over imports from that time until June, 1894, fell to \$4,500,000.

No country like ours, having a similar monetary system could have withstood the steady output of gold that commenced when Harrison was inaugurated and continued with unabated force during his administration. With a treasury looted and a monetary system shaken, we entered on the campaign of 1892. The bacilli that breeds financial pestilence was with us and the inevitable result would have been experienced whether Cleveland or Harrison had been elected.

If there is any one thing more than another that goes to ensure Gov. Peck's certain success at the coming election, it is the work that Ex-Senator Spooner is doing in this campaign for the Republican nominee, Major Upham. The laboring class, especially railway employes, showed their disfavor for Spooner two years ago, by voting almost as a unit against him, and unless we greatly mistake their temperament, something will have been heard to drop on the same side, even more heavily, three weeks from today.

THE SOUTH SIDE.

A Few Items Appertaining to People and Events in That Part of the City.

—John Welsby, of the Central supply department, spent a few days of last week hunting down on the Portage line.

—Mrs. A. P. MacMillan returned from Buffalo, N. Y., last Saturday, after a pleasant visit at her old home near that city.

—Mr. and Mrs. Emmons Burr left for Chicago and points in Michigan, last Monday evening, to be absent until next Saturday.

—P. H. Dollard, who has made his headquarters in this city during the past few years, now holds a position in the C. & N. P. round house, Chicago.

—Jas. Cosgrove, Jr., who has been in the railroad shops at St. Paul, as machinist, for the past year, is visiting with his parents on Wisconsin street.

—J. W. Fisher, who had been running a livery stable at the South Side for a few months, returned to his former home at Phillips, leaving here yesterday.

—Mr. and Mrs. F. C. Holman, who reside on Dixon street, were presented with a new nine and one-half pound boy, last Friday afternoon, and all interested are happy.

—It is said that a number of hunters, who have gone to Packwaukee and Montello within the past few weeks, after ducks, have been badly fooled, as they found nothing there but mud-hens.

—Rev. B. B. Schlung is now pastor of the German M. E. church in this city, coming here from northern Minnesota. Mr. Schlung has a wife and three children and they will soon be settled in a house near the church.

—J. J. Hitchcock, who recently bought out the Skinner blacksmith shop on Strong's avenue, South Side, has the best of facilities for doing work in his line, including horse shoeing, wagon repairing, etc., and will be pleased with a share of the public patronage. He has a first-class blacksmith, Samuel Collins, late with the Hoeffer & Chapman Co., in his employ.

—Mr. and Mrs. F. G. Minnebeck returned to the city on Saturday morning after an extended absence in the east. Mrs. Minnebeck was called to Pittsford, N. Y., a small town near Rochester, in August, by the fatal illness of her father, Frederick Huscher, who died on the 19th of August, aged 64 years. Mr. Minnebeck left here on the 20th, and was present at the funeral. Since then they have been visiting with friends at their old home.

The Hallock Improved Potato Digger

John Rice & Bro. Co., Agents.

STOCKTON, WIS., SEPT. 28, 1893.
DEAR SIR:—I have tried the Hallock Improved Digger today in my potatoes, and after a severe trial, I am satisfied. It does nice work, and I cannot recommend it too highly.
Yours respectfully,
OWEN FEHELY.

FLOWER, WIS., SEPT. 13, 1893.
DEAR SIR:—The Digger does good work. All things considered, it beats all in the market I have seen.
Yours truly,
B. F. PARKER.

—Thos. Cauley and Will. Chapman left for Rushford, Minn., on Monday morning, where they go to work upon a new water works plant, the former having charge of the laying of mains. They expect to remain just as long as the weather will permit the work to progress.

—I wish to dispose of my entire collection of house plants, consisting of cacti, begonias, chrysanthemums, geraniums etc., by Nov. 1st. Plants large and in good condition to bloom all winter. Will sell them cheap. Call on Mrs. A. Clarkson, 1120 Church street.

—C. J. M. Malek, of Milwaukee, addressed the Polish voters of this city at Chilla's Hall, last Wednesday evening. On Thursday afternoon he spoke in Hull, and on Friday at Polonia. Mr. Malek is said to be an able and forcible speaker in the Polish language.

—The ladies are invited to notice the new advertisement of M. Clifford in this issue. A representative of the Hansen Empire Fur Co. will be at his store tomorrow, 'Thursday', with a great assortment of ladies' fur capes and jackets. He will remain for one day only, and this is your opportu-nity.

—Geo. W. Boyce, of Chicago, whose visits to Stevens Point have not been as numerous during the past two or three years as when he collected fares and punched tickets on the Central line, spent Monday here. George has grown wealthy, and is largely inter-ested in real estate at Chicago, as well as in other parts, including Alex-andria, Ind.

—Mr. and Mrs. Martin J. Roach, of Knox Mills, spent the last three days of the week visiting at the home of the latter's brother and sister, John E. and Miss Welch, in the town of Hull. Mr. Roach is a foreman for Knox & Son, having been with them a number of years. This firm suffered considerably from forest fires during the past season, and had their entire crew protecting their property for several weeks.

—The best school shoe in the city, at Clifford's, for \$1.00 per pair.

—Attend the great shoe sale now in progress at W. J. Leonard's.

—Parents, if you wish to save money, go to Clifford's for your boys and children's clothing.

—For your choice family groceries, fail not to call on P. Leonard & Son, Clark street, opposite Jacobs House.

—John Whitman, of Medford, was in the city for a few days last week, transacting business and visiting with relatives.

—Ladies, remember Clifford's is headquarters for ladies' cloaks and jackets. All the latest styles now in. Call and see them.

—Mr. and Mrs. Frank Hazelton, of Milladore, spent Saturday and Sunday in this city, a guest at the residence of L. P. Wollenschlager.

—Alex. Worzella left for Parrish, Wis., yesterday morning, where he will be employed by the Parrish Manf. Co. for several months.

—A fine line of Whiting's corre-spondence papers, tablets, tissue paper, paper dolls, artists materials, etc., at 121 Strong's ave. E. FELCH.

—Jos. Bischoff left for Chicago, last Saturday evening, where he goes to again take up the study of den-tistry at the American Dental College.

—E. M. Copps is now prepared to fill orders for all kinds of hard coal. Leave orders at Cadman's store, or at Mr. Copps' office near Green Bay depot, at foot of Main street.

—P. Leonard & Son are giving a fine descriptive book of sights and scenes at the World's Fair, to purchas-ers of a certain amount of goods at their store. Call and see the book.

—M. Clifford now has the largest and finest show window in the city, in his clothing department, and the handsome display therein during the past few days has attracted the at-tention of all who pass.

—W. A. Holbrook, the Milwaukee architect who furnished the plans for our High School and 3d ward school, spent Thursday in this city, and will submit plans for the proposed new 1st ward building, subject to approval.

—Wall paper of all grades, wall, frieze and ceiling to match, for kit-chen, dining room, bed room, hall and parlor, and a good variety of pat-terns for offices and stores. Call and see for yourself at 121 Strong's ave. E. FELCH.

—Those who wish to buy lumber, sash, doors or blinds, should not fail to remember the South Side Lumber Co. The largest stock in Portage county, complete in all grades and sizes, while prices have been reduced in accordance with the times. Call at once.

—We have made arrangements by which we can furnish this paper and the twice-a-week New York World all for only \$2.50 a year. Here is the op-portunity to get your own local paper and the New York World twice every week at extraordinarily low rates. Call upon THE GAZETTE.

—Mrs. Geo. Duncan and children, of Ashland, are now residents of this city, and are living with her father, Chief of Police Zorn, on Water street. Mr. Duncan, it will be remembered, was fatally injured, a few weeks ago, by falling or being accidentally thrown from a rapidly moving train.

—A. R. Marshall returned home last week after spending a fortnight in Minnesota, devoting most of his time at hunting in the Red Lake country. He visited Thief River Falls, where P. & J. Meehan have a large saw mill, with plenty of timber to keep it running for a number of years.

—W. J. Hilbourn left for West Depere today, where A. V. Fetter has a contract for putting in hot water heating and plumbing into the resi-dence of W. H. Goodenough, a wealthy resident of that place. The cost will be about \$900. Mr. Fetter has several other important contracts under consideration.

—Rev. M. H. Clifford of Appleton, spent a part of Monday in the city visiting with his parents, Mr. and Mrs. M. Clifford. Father Clifford is assistant to Rev. W. J. Fitzmaurice, at Appleton, and says that both are kept constantly busy, the latter look-ing after the construction of a large new \$10,000 parish hall.

—Mae Flower, sired by Cambria Chief 6614, won the race at Beaver Dam in 2:24, and at Randolph in 2:29. She was entered in twelve races this year, winning them all easily. Cam-bria Chief is one of the best bred horses in the state, both for style, speed and beauty, and is owned by W. H. Collins, of Portage, formerly of this city.

—Ed. Nolan, teamster for the John Rice & Bro. Co. was called to Ft. Snelling, Minn., last Thursday, by a message announcing the death of his brother, John E., the day before. The deceased young man was 24 year-old last May, and joined the regular army about a year and a half ago. He spent most of his life in this city, being a nephew of the late Ed. Nolan, a former well known resident of the North Side.

—The Stevens Point Box Co. is now supplied with a thirty incan-descent light plant, which will enable them to run ten hours each day during the winter months, or night and day at any time when necessary, at same time doing away with the danger from kerosene lamps or lanterns. The plant was put in by Benton & Son, the LaCrosse contract-ing electricians, under the supervision of Mr. MacLachlin.

—Five hundred pairs of ladies' kid gloves, in all shades and styles, at Clifford's.

—Ladies, go to Clifford's for your laces and embroideries. The largest stock to select from.

—Boy's suits, double-breasted, heavy weight winter goods, all sizes and shades, selling from 75 cents up, can be found at W. J. Leonard's. Don't go by without making him a call.

—Miss Nora Meehan, of Milwaukee, is the guest of her sisters, Mrs. E. J. Paffner and Mrs. S. K. Rounds. Miss Meehan intends to spend the winter here, and will soon be enrolled among the Normal students.

—Walter D. Corrigan, a young resident of Almond, is studying law at the office of Raymond, Lamoreux & Park, in this city, and in due time proposes to enter a law school for the purpose of fitting himself for that profession.

—A new band under, the leader-ship of Prof. Allen, has been formed, and it will be known as the Normal cor-net band. Most of the members were formerly connected with the Amphion or Central City bands, and it is their intention to keep up a permanent organization.

—Mr. and Mrs. W. B. McDonald, Miss Emily Spaulding, Harry Welty and Will. Moll started for Marshfield on their wheels, last Sunday morning. At Junction City, "Mac" broke one of his pedals and was obliged to go the balance of the way with only one. The party reached Marshfield at noon, remaining there during the day and returning by train in the evening.

—Geo. Russell, a resident of Buena Vista, came to town last Thursday driving two horses, one of them being so badly crippled in one of his rear legs that a complaint was made by the secretary of the Humane Society. Agent Stitt overhauled Russell as he was leaving town and put the poor animal out of its misery. Russell is a poor man, and claimed he was un-able to buy another horse.

—Waupaca Record: Fred. Per-ron has purchased from C. J. Shearer, the house and lots on the corner of Main and Junction streets, and we understand in the spring he will build an addition to the house. His mother came down from Stevens Point Monday and his sister came Thursday, and they will make this their future home. Fred. thinks Waupaca real estate is good property to invest in.

—Mrs. H. Tack and family now occupy their new home on Main street, having moved into the same last Friday. It is a twelve room residence, having been doubled in size, and remodeled and rebuilt through-out, since being purchased of Jas. O'Brien, and is now a most comfort-able and pleasant abiding place. Frank Abb had the contract for doing the work, and as he always aims to give satisfaction, has not missed doing so in this case.

—All should avail themselves of the opportunity of listening to recita-tions rendered by talented speakers at the medal contest, which will be held on Tuesday evening, Oct. 30th, in Temperance Hall. Competitors ranging from 16 to 25 years, will en-ter this class. Some very choice selections of music will be furnished. Exercises at the entertainment will begin at eight. Admittance, only a dime; children under 12 years, 5 cts. All cordially invited to attend.

—John Temple and Miss Ella Rice were married at St. Stephen's parson-age, last Monday evening, Rev. W. J. Rice officiating. Miss Mame Ceary and Jas. Temple acted as bridesmaid and best man, respectively. The groom is quite well known here, having been employed as clerk at the Commercial Hotel for several months. Mrs. Temple is the elder daughter of John Rice, was born and raised in Stevens Point and many friends join with us in wishing herself and hus-band a long and happy married life. They will make their future home with the bride's father.

—John H. Brennan returned from his trip to Menominee, Mich., on Thursday, after speaking there before a large public gathering the evening before. The Herald pays him this compliment: "Mr. Brennan is a natural orator. His delivery is marked with a display of latent force that impresses one with the idea that the speaker has an immense reserve power at his command. He is an entertaining speaker and had spoken upwards of a hour, holding the attention of the audience com-pletely, before a person in the audi-ence knew that the hour was growing late. It was a rare treat, and it is to be hoped that Mr. Brennan will make us another visit in the near future."

—P. C. Claflin, who resided in Stevens Point a few years ago, is now a prosperous resident of Washington, D. C. He makes a business of deal-ing in optical goods, and is at the head of the Claflin Optical Co., his son being interested in the business with him. A pleasant letter, dated the 10th inst., was received from P. C., the last of the week, in which he says: "We are having beautiful fall weather. No frost as yet, and the leaves are dying a natural death. The longer we remain here the more we love Washington. It is a beau-tiful home city, with advantages equal to any place in the world. We have less political turmoil here than any place in the country, as we sim-ply take what the country sends—although the dose is sometimes rather hard to swallow."

Ladies' Fur Sale for One Day Only, at Clifford's.

A representative of the Hansen Em-

pire Fur Family will be at my store

on THURSDAY, Oct. 18th, with his full

line of Ladies' Fur Capes and Jackets.

Here is an opportunity to select from

one of the largest lines of Furs in this

country.

M. Clifford.

"Come, Let Us Reason Together."

The above quotation was evidently intended for the merchant to use in talking to his cus-tomers. With the approach of winter the thoughtful merchant lays in a stock that will suit those who trade with him. That is just what

W. J. LEONARD

has done. He has searched the markets of the world and now the sale of winter goods will begin in earnest.

Dress Goods. Clothing.

No better fabrics have ever been brought to the city.

Heart Disease 30 Yrs!

Short Breath, Palpitation.

Mr. G. W. McKinsey, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was troubled with palpitation and shortness of breath. I could not sleep on my left side, and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to

Dr. Miles' Heart Cure

I decided to try it. The first bottle made a decided improvement in my condition, and five bottles have completely cured me."

G. W. McKinsey, P. M., Kokomo, Ind.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00 a bottle for \$5.00, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

NO PRIVATES!

The "general" tells with swelling pride, How the fire of battle gleamed— Of the slaughter of men "on the other side," As the shell and shrapnel screamed; How "we" charged the foe like the mighty wave Of a wild and stormy sea, "But in that rush of the true and brave, The private—where was he?"

The "colonel" boasts how his horse fell On Georgia's blood stained hill; How he stemmed the wave of that battle hall, Avenging his country's ill; How the ghastly heaps of the gallant slain Bestrewed the slippery ground— But we study the tragic tale in vain, There were no privates round.

Oh, the "major's" sword, it was red with gore! And great was the foe's alarm, As they charged and halted and fled before The swing of his mighty arm. But freedom burnished her opaquets As she swept the hosts of sin, And the lonely pensioner still forgets That the privates were not in.

How brave they flew, at their country's call, To the outpost far in front! "Generals," "colonels," and "majors" all To strive the battle's brunt, And the "captains" stand, ten thousand strong, To tell how the thing was done— But where was the "private" in that throng? Ains, there was not one!

Novelties in Photography.

It is rather startling to the ordinary mind to be told that photographs can be taken without the assistance of light. Photography has always been so associated with the action of the sun's rays and bright lights that a new departure in the direction of similar results produced by ether waves set up by the working of an electrical machine is a genuine surprise. A scientist, however, gives the following facts: "Lay a coin, like a half dollar, on a plate of glass, and let a few sparks from an electric machine fall upon it. Remove the coin, and the glass surface will not appear to have been affected, but if it be breathed on the image of the coin will at once be seen. That it is really engraved upon the glass is evident, for it will not easily rub off. If a piece of photographic paper take the place of the glass, it will have the imprint of the coin made upon it. It is not needful to have the sparks fall upon the coin, for if it be inclosed in a dark box and brought near to an electric machine having short sparks passing between its knobs the ether waves set up by the latter will be short enough to affect the photographic surface, which may be developed afterward in the ordinary way." The idea is new, but practical and susceptible of great development and utility.—New York Ledger.

The Bacillus of the Influenza.

The microbe of the grip, otherwise the influenza bacillus, was discovered by Dr. Canon of Vienna, who first detected it in the blood of one of his patients. It is a curiously shaped organism, much smaller than the microbe of any other known germ disease, and was only revealed to the human eye by using a microscope with a magnifying power of over 1,000 diameters.—St. Louis Republic.

Safe.

Boss—Be careful with that dynamite, Pat. If you drop it, you're a goner. Pat—O'm not afraid! Sure me loife's insured.—New York Herald.

WITHOUT THE

BOW (RING)

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped

that little game!

The bow has a groove on each end. A collar runs down inside the pendant (stem), and fits into the groove, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

TYPOGRAPHICAL UNION COUNCIL.

Prescott Re-Elected President—Other Business Transacted.

LOUISVILLE, Ky., Oct. 12.—At the fourth day's session of the International Typographical union recommendation No. 15 by President Prescott was considered. It proposed a new article to the constitution, providing that after July 1, 1905, any contributing member in good standing shall be entitled to an out-of-work benefit of \$3 per week for six weeks, commencing with the second week of his idleness, on being deprived of employment from any cause except on account of a strike, lock-out, illness, debauchery, intemperance or other immoral conduct. Rejected—68 to 83.

The next question was an amendment to section 51, general laws: "No local union shall sign a contract guaranteeing its members to work for any proprietor, firm or corporation unless such contract is sanctioned by the allied trades council." It was adopted.

The following officers were elected: President, W. B. Prescott, Toronto; first vice president, Theodore Perry, Nashville; second vice president, Frank G. Boyle, St. Paul; third vice president, Charles B. Lahan, Chicago; secretary-treasurer, A. G. Wines, St. Louis. For trustees of Childs-Drexel home James D. Dalley, of Philadelphia; Alexander Duguin, of Cincinnati; Henry E. Dorsey, of Dallas, Tex.; and L. C. Shepard, of Grand Rapids, Mich., were chosen. Colorado Springs was selected as the place for holding the next meeting. ROBBERS LOOT ANOTHER TRAIN.

Get Four Bags of Gold of Unknown Value and Escape.

SACRAMENTO, Cal., Oct. 12.—The east-bound overland, due here at 9:30, was held up by train robbers between here and Davisville last night. Messenger Page shot twice at the bandits, but to save the lives of the engineer and fireman opened the car door, and the robbers got away with four bags of gold, value not known. The robbers cut the engine loose and ran toward the city. Then they reversed it and sent it wild toward the train, but the steam was so low when it struck the train that no damage was done.

Deafness Can't be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness cured by our Catarrh Cure, not to be cured by Hall's Catarrh Cure. Send for circulars, free.

There is no medicine so often needed

in every home and so admirably adapted for the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the chest or side relieved without paying a doctor bill. Procure a 50-cent bottle at once and you will never regret it. JUNCTION CITY.

Mrs. Grashorn, Miss Nathalie Voyer and Miss Libbie Scott, attended the Kirmess at Stevens Point, Oct. 9th. Several of our young ladies intended going on a "hunting trip," Saturday, but on account of the absence of the principle hunter the chase was declared off.

A pleasant party was held at the residence of Mr. Berkenhagen. Several of our young people attended and report a good time. The young man who walked 22 miles must have had some attraction besides the dance.

Philip Pleet's residence caught fire, Tuesday, and narrowly escaped destruction. Mrs. Pleet was in bed with a two days old child, and if it hadn't been that Mrs. Beats gave the alarm, it is possible mother and child would have perished, as others of the family were absent.

R. A. Case is relieving the C. & M. & St. P. Ry. agent at Rudolph. Tonerad Rasette is throwing baggage here.

That was quite a walk, Sloss; twenty-two miles after working hard all day is no laughing matter.

There will be a Republican rally, at G. A. R. Hall, Saturday evening.

Some of our citizens took in Milwaukee on the excursion last Saturday.

Mr. Hyde is painting his house and making other improvements.

Mrs. D. N. Welch returned from her visit up north last week.

Rev. Eldredge has got settled, in the parsonage, and is well pleased with his location.

Mrs. J. A. Maybie and little daughter returned home from a visit to her parents in Neilsville, last week.

The range collector is in the land, and many a dollar goes to St. Louis.

Democratic candidates, Maine, Delaney and Ben were in town this forenoon.

Geo. Ratchliffe, candidate for state senator of the 21st district on the prohibitionist and populist tickets, will speak at G. A. R. Hall this evening.

AMHERST.

Do not fail to hear Mr. P. O. Stromme at T. of H. Hall, next Friday evening.

You are invited to attend the K. O. T. M. ball, at Amherst Junction, on Friday evening. Bill, 50 cents. Supper can be procured at the Summit House and Union Hotel.

A large delegation went from this place and Amherst Junction, to Milwaukee, last Saturday.

Julius Werachowski, the nominee for county clerk on the Democratic ticket, was for a long time the manager of a large commission house in Chicago.

Hans Oleson, of Sheridan, the first station east of this place, has the contract to furnish the Milwaukee Soldiers Home with potatoes and onions for the next three months.

INTEREST STATEMENT.

Paid by State Depositories on Deposit of State's Money.

The following official figures, received direct from the state treasury department at Madison, speak for themselves, and should be given due consideration just at this time, on the eve of another great election. Voters look to your own interests, and it is unnecessary to say what they are:

Rec'd. for quarter ending Sept. 30, 1894	\$ 5,500.07
Rec'd. for month to Oct. 1, 1894	22,959.92
Rec'd. from Jan. 5, 1891, to Oct. 1, 1894 (3 1/2 years)	103,874.02
Appropriated and credited as follows:	
To School Fund Income Account	\$25,865.39
To Normal School Fund Income Account	14,906.28
To University Fund Income Account	6,846.32
To Agt. College Income Account	928.59
Total State public schools	\$32,546.56
To General Fund for State Expenses	51,277.46
Total, 3 1/2 years	\$103,874.02
Interest received under Republican rule	Nothing.

"HONEST JOHN HUNTER,"

the Democratic State Treasurer, has increased the sum in the treasury by over \$100,000, obtained from interest on the general fund deposited in state banks. These interest payments, it will be remembered, were always pocketed by Republican State Treasurers.

WAGES for woodmen in northern Michigan,

just over the line from Wisconsin, are from \$24.00 to \$32.00 per month this fall. In the same locality, last season, they were getting from \$12.00 to \$16.00 per month. Still the duty on lumber has been repealed by a Democratic Congress. It is not boasting claimed that the placing of lumber on the free list is the cause of the raise in wages; but rather the great demand for men, caused by the necessity of immediately cutting the thousands of acres of partially burned timber, but it is quite evident that the reduction in tariff does not reduce wages, political howlers to the contrary.

EX-SECRETARY WHITNEY

has always been very popular with democrats and he has become more popular than ever since he wrote that ringing letter in favor of democratic harmony and the election of Senator Hill to be governor of New York. At the headquarters of the democratic congressional committee Mr. Whitney's letter is regarded as a rattling campaign document, not only in New York but everywhere else, as the arguments he uses are in the main equally applicable elsewhere. It is believed that it will exercise great influence with those democrats who have been making the mistake of allowing their personal animosities to injure the party to which they belong and to which they are still devoted.

JOHN LEAHY,

the Democratic nominee for sheriff, was born at Chicopee Falls, Hampden county, Mass., Aug. 4th, 1845. In October, 1850, his parents removed to Berlin, this state, where they remained until May, 1855, when they came to Stevens Point. John was educated in the public schools of Stevens Point, being one of the first to enter what was known as the "white school," now the 2d ward building, after its construction, in 1856 or 1857. He also attended the Clark street school, in the building long since used as a residence by Mrs. Hurst, as well as other schools in the country districts, securing a good, practical education, sufficient in all respects to discharge the duties of sheriff in a manner that will do credit alike to himself and Portage county. Mr. Leahy is a careful student, a constant reader, and keeps thoroughly posted on general events that are of interest to himself and the public. Facts, such as are contained in the above few lines, speak for themselves and are above contradiction, and anything that may be said otherwise are the merest political fiction, calculated to deceive.

Prohibition County Convention.

A prohibition convention for the county of Portage is hereby called to meet at the Court House, in the City of Stevens Point, on Thursday, Oct. 18th, 1894, at two o'clock P. M., for the purpose of nominating a member of assembly and county officers and also transacting any other business that may come before the convention. Each town in the county and each ward in the city of Stevens Point will be entitled to representation as follows:

Albion	2	Almond	5
Amherst	2	Bolton	2
Buena Vista	2	Carsen	2
East Plover	2	Grant	2
Hall	2	Lanark	2
Lanwood	2	New Hope	2
Pine Grove	2	Plover	2
Sharon	2	Stockton	2
Stevens Point	2	Second Ward	2
City First Ward	2	Fourth Ward	2
Third Ward	2	Sixth Ward	2
Fifth Ward	2		

As addresses are to be given in several towns in the county by George Rutcliffe, candidate for State Senator, we would recommend that canvases be held the same evening, after the address, and that due notice be given.

Now in New Quarters.

A. V. Fetter, the plumber and gas fitter, has removed to the building recently occupied by the Citizens National bank, where he has commodious quarters. He has just added an elegant line of gas and electric combination fixtures and globes, of all styles, and is prepared to wholesale beer pumps and sewer pipe. Bring in your orders.

REV. MONSON SPEAKS.

Rev. I. G. Monson is the pastor of the Norwegian Lutheran church at Amherst, with Marshfield and Stevens Point as missions. Mr. Monson is also a Republican, and is well and intimately known to many Stevens Pointers, as well as people throughout the county, outside of Amherst. He does not seem to be a friend of the present Republican candidate for governor, however, or especially the manner in which he deals with his employees, judging from the following letter sent by him to a friend at Madison and published in the Milwaukee Journal of last Saturday:

AMHERST, Wis., Oct. 11, 1894

My Dear Friend Stromme:

So you wish to know my opinion of the Upham company and of the men whose statements you have shown me regarding their oppression by the Upham Manufacturing Co.

This places me in a delicate position as I hardly ever meddle with politics except as a voter. We Lutherans have been accused these late years, as you know, of preaching politics, although I have yet to hear of the case of one of us discussing politics from the pulpit, whereas this among some other clergymen is a common thing.

My lot so far has been cast among the laboring classes and neither they or their pastors are much thought of except at election time when the candidate comes around to shake "the horny hand of the workmen" and kiss their babies. The people in and around Marshfield, for whom I have been pastor, are all laborers and some of them wholly dependent on the Upham Manufacturing company.

During my visits to them they have repeatedly and voluntarily cited instances of their being oppressed by the Upham company. I have heard this so often and from so many that I have no hesitancy in saying that the damaging statements you have received are nothing but the truth, as far as I have been able to investigate.

As to Mr. Upham, I have never had the privilege of meeting him. He may be "better than his party" or better than his business associates; but if he does not know that his employees are being imposed upon, or, knowing it, does not prevail upon his associates to right the wrong, he is, in my opinion, not the man with whom to entrust affairs of state. In short my ticket on election will say to Mr. Upham: Stay at home and mind your own business.

A man who will issue wildcat money, practically force employees to trade out all their earnings at his store, charge more for goods than at other stores, and even refuse employees the quantity of goods they demand, for fear they would go somewhere else and trade off for other goods, should not receive the vote of any man who is a true friend of labor, and he certainly will not receive mine.

Yours Sincerely,

I. G. MONSON.

P. S.—You are at liberty to use this letter as you see proper.

M.

J. F. WERACHOWSKI,

of Amherst Junction, is the Democratic nominee for county clerk. Mr. Werachowski writes that he is about to sell out his business in our neighboring village, and it elected will be in a position to give the office his undivided attention. He is a young man of good ability, having had much experience in the clerical line, and is a fine penman. Julius is a Portage county boy, born and raised here, and is popular with all who know him. Those who may not have formed his acquaintance in the past, will no doubt be given an opportunity to do so between now and election day.

HARPER'S WEEKLY

for October 13th contains a timely and profusely illustrated article on "How the Streets of New York are kept Partially Clean." Julian Ralph, sent as the Weekly's special correspondent to the war in Asia, writes of his voyage over, and of his first impressions of Japan. A full-page picture and accompanying diagram reveal to wondering landmen the intricate interior arrangement of a modern United States war-vessel. Other noteworthy features are the illustrated description of a Turkish summer resort, portraits of leading members of New York's Committee of Seventy, Caspar W. Whitney's article on Golf, and views of the destructive work of the recent Western cyclones.

ROBT. MAINE

will represent Portage county in the Assembly during the coming winter, and will prove an efficient member. Mr. Maine was born in England in 1836, but came to this country when a lad of 10 years, his parents locating in Onondaga county, N. Y. In the spring of 1856, before he was 20 years of age, Mr. Maine came to Stevens Point, remaining here for a couple of years. He then moved to Jordan, six miles east of the city, in the town of Hull, and was the first chairman of that town, which office he held at least a dozen times, or as often as he would consent to allow his name to appear before the people. He also served as town clerk for two years, and was never defeated for any office to which he aspired. During all these years Mr. Maine has been engaged in lumbering, sometimes for others, and then again for himself, and has been very successful. He is as honest as he is competent, his name and honor being above reproach, and all matters for the local or general good may be entrusted to him with the utmost confidence.

The Milwaukee Journal

says that when our Republican friends get through congratulating Mr. Rasmus B. Anderson on taking a stand against the Democratic party in this campaign they should get out their files and read their comment upon the action of Col. Vilas in getting so ardent a Republican as Mr. Rasmus B. Anderson a place in the diplomatic service under the first Cleveland administration.

The Wausau Central

is still harping upon the Normal School matter, claiming that the Democrats of that county will vote against the present state administration because the school was located at Stevens Point instead of Wausau. The Pilot-Review says the Democratic majority in Marathon county will be larger on the 6th of Nov. than ever before. Old Marathon never fails to do her duty, and the latter paper knows what it is talking about.

THE DOOR COUNTY Advocate,

published at the home of the Republican nominee for Congress in this district, says that Minor is a mistake. It was a mistake to nominate him, and it would be a still greater mistake to elect him. He has neither the learning nor the ability to be respectable in congress. The Hon. T. B. Reid was quick to learn that he had neither the manhood nor manners, sense nor sensibility, to be respectable anywhere. He sized him up fairly at first sight. Our readers will remember that two years ago he had the presumption to engage Mr. Barnes in joint debate at Voseville. Two such meetings had been arranged, the other to be at Egg Harbor the next evening. But one was enough for Minor, and he refused to take part in the second meeting. As some of the boys said, he was "all chewed up," and there was nothing left of him for the Egg Harbor meeting. His ability in politics, such as it is, is not of the kind to be useful to anybody, scarcely to himself. His speeches are a mere string of pompous generalities that mean nothing, the veriest spread-eagle nonsense; and even in that line he always sops over. His ability is conspicuous only in schemes to "do up" country delegations, and defeat the will of his own party. It is a fact, which the whole world knows, that we have too many such public men. The trusts and the money sharks have been fattening for a quarter of a century, because of ignorance or corruption in congress. Better excuse Minor, and let him stay at home.
